

Champagne & Sushi

On Thursday 31 July, over 70 members and contacts of Women in Property enjoyed a champagne and sushi themed networking event at Epernay Champagne Bar in Leeds.

The purpose of the evening was to welcome new members who had recently joined the branch and for potential members to find out a bit more about Women in Property and to meet the Chair and committee members.

The event quickly sold out attendees from a variety of property firms from across the region including Simons Developments, Addleshaw Goddard, Drivers Jonas, Aedas architects, Turley Associates and Bank of Scotland.

The event was so successful that the Branch proposes to make this a regular feature of the WIP calendar and to hold more informal after work drinks evenings throughout the year both in Leeds and across the region.
